

Local Shops by Natexpo Paris 2025

30 november – 2 december 2025, Paris Expo Porte de Versailles

What is Local Shops ?

Natexpo mobilizes every year to facilitate the participation of all links in the distribution chain at the trade show.

Local Shops is a tailor-made program created to help independent retailers make the most of their experience at the show and connect with new suppliers

In 2024, the first edition of the operation was a success, bringing together nearly 70 independent organic shops to discuss their practices and prospects for the future, while benefiting from training provided by **Synadis Bio** and **Diapasonia**.

During 2 full days at Natexpo 2025, on Sunday 30 November and Monday 1st December, this program will offer **exclusive content, training sessions, and business meetings**.

200 participants are expected to come and meet the 900 exhibitors at the 2025 event.

The advantages of Local Shops

- Dedicated space with a private room at the trade show
- Accommodation covered (subject to conditions) and catering provided for lunch
- Free cloakroom with fast-track access
