

PharmaConnect by Natexpo Paris 2025

30 November – 2 December 2025, Paris Expo Porte de Versailles

What is PharmaConnect ?

Pharmaconnect is a tailor-made program designed to **help pharmacists, parapharmacies, and pharmacy groups** make the most of their visit to Natexpo and connect with new suppliers of organic cosmetics and dietary supplements for their sourcing needs.

The stakes are high: in France, 88% of dietary supplements are purchased in pharmacies¹.

40% of French consumers regularly buy cosmetics in pharmacies, and 64% of them purchase organic cosmetic products².

During a full day at Natexpo 2025, on Sunday 30 November, or Monday 1st December, this program will offer **exclusive content, training sessions, and business meetings**. It is inspired by the Local Shops program organized at Natexpo Lyon 2024 for independent organic retailers.

50 participants are expected.

Nearly 170 companies will be exhibiting in the cosmetics & hygiene and dietary supplements sectors.
